EDUCATION

MIT Art, Design and Technology University <i>B. Tech, Computer Science Engineering (Cloud Computing) CGPA: 8.70</i>	Pune, India <i>Aug 2025 – Jun 2028 (Expected)</i>
Government Polytechnic College <i>Diploma, Computer Science Engineering CGPA: 7.94</i>	Ujjain, India <i>Aug 2022 – Jun 2025</i>

TECHNICAL SKILLS

Programming Languages: Java, C++, C, Python, JavaScript
Cloud Platforms: Microsoft Azure (Nginx, Cloudflare, SSL/TLS configuration, production hosting), AWS (EC2, S3, IAM fundamentals)
Systems & Infrastructure: Docker containers, Linux server administration, CI/CD fundamentals, REST API design and integration
Databases: MySQL, SQLite, NoSQL fundamentals, JDBC
Core CS: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, DBMS, Software Engineering, Software Testing
Tools: Git, GitHub, Bruno

ACHIEVEMENTS & CERTIFICATIONS

- Odoo National Hackathon 2026 Ranked among the Top 9 teams out of 853 participating teams nationwide
- Certifications: Oracle Cloud Infrastructure 2025 Certified Foundations Associate | GeeksforGeeks (GFG) Python Skill Up | Cisco Networking Basics

EXPERIENCE

Cloud Computing Intern CodeAlpha <i>Remote, India</i>	May 2026 – Jun 2026
• Configured and deployed production hosting on Microsoft Azure and Linux for two applications, setting up Nginx as a reverse proxy, Cloudflare for DNS and traffic management, and SSL/TLS certificates for HTTPS. • Deployed a Smart Bus Pass System and an AI Chatbot Platform to live production, resolving hosting, DNS propagation, and server configuration failures until both applications ran without downtime. • Integrated backend databases with each deployed application and verified end-to-end functionality, including login, session handling, and data persistence, before handoff.	
Java Trainee Thinking Machines E-Learning Center <i>Ujjain, India</i>	Aug 2024 – Oct 2025
• Implemented Core and Advanced Java programs covering Object-Oriented Programming, JDBC database connectivity, Servlets, and File I/O. • Built backend mini-projects connecting Java applications to relational databases, and debugged data flow issues between application logic and the database layer.	
Front-End Development Intern Allsoft Infotech & Multimedia Pvt. Ltd. <i>Ujjain, India</i>	Nov 2024 – Jan 2025
• Built responsive HTML/CSS web layouts tested across Chrome, Firefox, and Edge, and fixed cross-browser rendering inconsistencies to align front-end output with backend API responses.	
Web Dev Intern, Manal Softech Pvt. Ltd. Student Trainee, Programmers Point <i>Ujjain, India</i>	Sep 2022 – Jun 2023
• Built websites using HTML, CSS, and JavaScript and tested cross-browser compatibility; separately implemented C and C++ programs covering pointers, manual memory management, and Object-Oriented Programming.	

PROJECTS

Smart Bus Pass System Cloud Deployment	May 2026
• Deployed a bus pass management platform to Microsoft Azure with Nginx and SSL/TLS resolved server and DNS configuration issues to achieve a stable, publicly accessible live URL. <i>Live Demo:</i> smart-bus-pass-system.pages.dev	
AI Chatbot Platform Cloud Deployment	Jun 2026
• Built and deployed a login-enabled AI chatbot with cloud hosting and database-backed session storage tested the complete login-to-chat request flow before release. <i>Live Demo:</i> ai-chatbot-system-by-rishabhkankariya.pages.dev	
Personal Portfolio Website Front-End Project	2024
• Built and deployed a responsive portfolio site with Tailwind CSS, AOS and Lottie animations, and a dark mode toggle. <i>Live Demo:</i> rishabhkankariya.pages.dev	
Student-Institute Portal Full-Stack Web Application	2023
• Built a student-institute portal in PHP and MySQL with registration management, document verification, and admin approval workflows. • Implemented separate student and admin dashboards with role-based access and editable post-review student records.	

LEADERSHIP & ACTIVITIES

- Campus Ambassador, Techfest, IIT Bombay (Jun 2026 – Present)
- Technical Secretary, Zone of Engineering Innovators (Feb 2026 – Present)
